**QUESTION WITHOUT NOTICE
(Of which some notice has been given)**

Tuesday, 18 June 2013

Hon Robin Chapple to the Minister for Aboriginal Affairs.

I refer to investigations begun in October 2012 by the Department of Aboriginal Affairs (DAA) into allegations that a sacred Aboriginal heritage site on Nyikina Mangala land at Ungani, about 100km east of Broome, was bulldozed by Buru Energy and I ask:

1. Has the Department completed its investigations into this incident, which is alleged to include a breach of heritage clearance?
2. If no to 1, why not?

If yes to 1, what was the outcome and will the Minister please table the findings

I thank the Hon. Member for some notice of this question.

1. No.
2. The Department has requested further information from the complainant. The complainant has confirmed that the information will be presented to the Department in July.
