

LEGISLATIVE COUNCIL

**QUESTION WITHOUT NOTICE
(Of which some notice has been given)**

Thursday, 20 June 2013

Hon Robin Chapple to the Minister for Agriculture and Food representing the Minister for Mines and Petroleum

I refer to the RADARS (Reform and Development at Resources Safety) strategy established by the Department of Mines and Petroleum in 2010, and I ask:

- 1) How many resources safety inspector positions are there currently in the Department?
 - 2) How many of these are currently vacant?
 - 3) How many resources safety inspectors have left the Department since the establishment of RADARS?
 - 4) How many of that number
 - (a) Have retired?
 - (b) Have resigned?
 - (c) Have left under any other circumstances, and if so, what circumstances?
 - 5) How many resources safety inspectors are currently on
 - (a) Maternity leave?
 - (b) Long service leave?
 - (c) Extended leave (in excess of four weeks duration) of any other kind, and if so, what kind?
-

I thank the Hon. Member for some notice of this question.

- 1) Mines Safety Branch - 67
Dangerous Goods Branch - 35
Petroleum Safety Branch - 16
Investigations Services Branch - 5
- 2) Mines Safety Branch - 6
