

LEGISLATIVE COUNCIL

C148

QUESTION WITHOUT NOTICE
(Of which some notice has been given)

Tuesday, 11 March 2014

Hon Robin Chapple to the Leader of the House representing the Minister for Energy.

I refer to the Electricity Market Review announced on the 6 March 2014, and I ask:

1. Will demand management and renewables be accommodated and/or encouraged?
 2. If no to (1), why not?
 3. If yes to (1), how?
-

I thank the Hon. Member for some notice of this question.

(1)-(3) The Review will look at the extent to which the arrangements of the Wholesale Electricity Market result in an efficient mix of different types of capacity, and an efficient overall volume of capacity, to serve the needs of the South West Interconnected System.
