

LEGISLATIVE COUNCIL
Question on notice

Tuesday, 18 November 2014

2196. Hon Robin Chapple to the Leader of the House representing the Minister for Energy.

I refer to revelations on Paul Murray's 6PR Drive Program on Wednesday, 22 October 2014 that a consumer pole fell over and allegedly caused the 2009 Toodyay fire, and I ask:

- (a) was the consumer pole checked when re-wired to the new pole recently installed on that street;
- (b) if yes to (a), was it inspected;
- (c) if no to (c), why not;
- (d) was the consumer pole reported as in need of service or replacement; and
- (e) who conducted the investigation into the cause of the fire?

Answer

I note that the discussion referred to in the question related to the 2014 Parkerville fire and not the 2009 Toodyay fire.

(a)-(e) N/A

Mr Nelson
