**Hon. Lyn MacLaren to the Minister for Environment:**

I refer to Vimy's proposed uranium project at Mulga Rocks, and ask:

1. What, if any, operations are Vimy currently undertaking at the Mulga Rocks site?
2. Does Vimy have a licence to construct issued by the Department of Environment Regulation?

---

I thank the honourable member for some notice of this question. The following information has been provided to me by the Department of Environment Regulation and the Office of the Environmental Protection Authority:

- (1) The member is asked to direct this question to the Minister for Mines and Petroleum.
- (2) The Department of Environment Regulation does not issue licences to construct. The Department of Environment Regulation has not received any applications for works approvals or licences from Vimy Resources Limited.
