## LEGISLATIVE COUNCIL

## Question without notice

(of which some notice is given)

Wednesday, 6 September 2017

Hon Robin Chappie to the Minister for Environment: <sup>RG</sup> ~~REP.~~ MINISTER FOR MAP.

I refer to your Ministerial statement in this place yesterday regarding the Government's policy on fracking, and ask:

1. Explain in detail what the Government defines as fracture stimulation.
2. Explain in detail how the Government defines unconventional gas and its extraction process, and does this differ from fracture stimulation?
3. Explain in detail how the Government defines the process used to extract tight gas?
4. Has fracture stimulation occurred on Barrow Island, and if so will it now be allowed to continue?
