Tuesday, 15 September 2020

C945. Hon Robin Chapple to the Minister for Environment representing the Minister for Aboriginal Affairs

I refer to the minutes of the ordinary meeting of the ACMC held in East Perth on Wednesday, 18 December 2013, item 3.10 and ask:

1. Who were the attendees at that meeting, who were the apologies, and who were the DAA staff in attendance?
2. Who provided advice to the ACMC relative to the site assessments listed in table K 10, and will the Minister table that advice?
3. In relation to Resolution (2013/200) (Consent with Conditions, Mining), which refers to Brock 20 and 21, have the conditions applied to the landowner been provided to the department?
4. If yes to (3) will the Minister table that written report?
